

Solicitation No: DACA65-03-R-0023

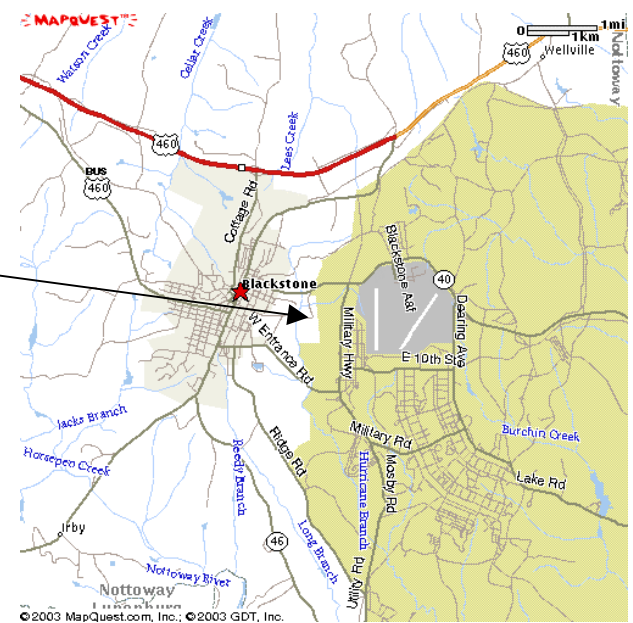

Project: MANEUVER AND TRAINING EQUIPMENT SITE (MATES) ADD/ALTER  
Ft Pickett, VA

Subject: Site Visit Information

1. This project is located on Government property within the boundaries of Ft Pickett Installation. The maps on the following page provide graphical representations of the project location. Government personnel will conduct a site visit for this project on May 6, 2003 beginning promptly at 9:00am. Contractors shall park in the area designated at the intersection of 8<sup>th</sup> Street and Bakers Row as shown on the attached maps. Tour will be a walking tour over rough terrain and uneven surfaces.
2. Due to security and access considerations, a single site visit will be allowed during the Phase I proposal preparation period. All interested contractors and other parties are invited to attend this site visit. Attendees will be provided with a tour of the existing site and selected areas of the existing facilities. No individual tours will be allowed or provided. There will be no question/answer period, questions may be directed to the Contract Specialist identified below.
3. Contractors entering the Ft Pickett Installation must present suitable picture identification (for example a drivers license) and comply with any specific instructions from the Military Police at the Entrance Gate. No contractors shall be permitted to arrive prior to 08:45am.
4. A Pre-Proposal conference will be provided during the Phase II proposal preparation period only for the contractors who are selected to participate in Phase II of this solicitation.
5. Questions may be directed to Ms. Debora Gray, Contract Specialist at (757) 441-7551 or by e-mail to [Debora.S.Gray@usace.army.mil](mailto:Debora.S.Gray@usace.army.mil).
